

CORPORATE ENVIRONMENTAL POLICY

The Metro Toronto Convention Centre Corporation is committed to operating in an environmentally responsible and sustainable manner. We are committed to reducing our environmental footprint through ongoing assessment and improvement of our facility's performance while continuing to meet and exceed the needs of our clients and stakeholders.

In delivering on this commitment, the Convention Centre will endeavour to:

- Ensure compliance with the relevant environmental legislation and regulation, and will apply more stringent management practices than those required by law where we deem appropriate;
- Conduct audits and reviews to verify compliance with the environmental legislation;
- Set targets for continual improvement and reassess annually;
- Maximize diversion of materials from landfill while integrating waste minimization efforts, conserve natural resources by ensuring responsible energy and water use, and strive to continually reduce pollution and carbon emissions;
- Enhance awareness of our commitment to operating sustainably amongst all stakeholders including employees, clients, and suppliers. Ensure that employees are educated on environmental effects of their activities, their own responsibilities and are given necessary training and support to do so;
- Source responsibly and evaluate the impact of our purchases at every stage, choosing sustainable alternatives where possible;
- Ensure suppliers and contractors are aware of our environmental policy and sustainability strategy, encouraging their involvement and work in partnership with them to reduce our collective environmental impact and do business more efficiently;
- Maintain accurate and transparent reports on our environmental performance and share best practices across the company;
- Keep informed and remain responsive to regulatory changes, technological innovations and stakeholder interests.

Metro Toronto Convention Centre Corporation is dedicated to ensuring that our facility operates with an elevated duty of care to the environment while providing the exceptional quality of service expected by our clients and guests.
